The Big Woman on Woman Sex Book

Here it is – the lesbian guide on
how to make love to a woman.

The Big Woman on Woman Sex Book is truly liberating and straight forward, no pun intended, with a frank language excluding no one and nothing.

Including:

communication – how to get it the way you really want it
the way the cunt works
the way the body works
technique: the art of licking, fisting, penetration, etc, etc ...
health and safety issues
bdsm
and a lot more ...

Facts are mixed with true stories, quotations and tips.

Beautiful illustrations of women actually having sex.

The focus of the book is totally on women – and there is a lot to learn for straight men.

The press about *The Big Woman on Woman Sex Book*:

"... they might be the first to write about sex as something women sincerely enjoy, takes pleasure in and have fun doing./.../ Sex has never been so hot." *Aftonbladet*

"A must have for curious women." QX

"EVERYTHING is there. A pearl for every teacher struggling with sex education and in spite of the unnecessary 'woman on woman' distinction a must have for all boys who want to learn how to make love to a girl." Ottar
"The Big is an enthusiastic guide that takes its subject seriously. Naughty and nice with every opportunity to become the little purple book for all lesbians." *Göteborgs-Posten*

"And yes, it definitely turns you on." Kom Ut
